

Dr Deven Patel FRCP

Brief Patient CV

Dr Deven Patel is a Consultant Cardiologist with a specialist interest in chest pain syndromes, coronary angioplasty and stenting. He also has expertise in managing valvular heart disease and heart failure.

He qualified from the Middlesex Hospital and the trained in cardiology at the Royal Free, Royal Brompton and Harefield Hospitals. He has been a Consultant Cardiologist at Barnet, Chase Farm and the Royal Free hospitals for over 9 years. At present he is the lead Cardiologist at Barnet and Chase Farm NHS Trust.

His research interests include the investigation and risk assessment of patients with chest pain syndromes, and in coronary intervention. Recently he has been actively involved in the assessment of Coronary CT Angiography for patients with angina. He has been the lead cardiologist developing coronary angiography services at Barnet General Hospital. In coronary intervention he has developed an expertise in coronary rotablation as an adjunct to coronary stenting.

He has a successful private practice and consults at:-

The Spire Bushey Hospital
BMI North London Hospital
The Wellington Hospital
The Wellington Diagnostic Centre
